NOTICE TO BIDDERS

ADDENDUM NO. 1

QQ-01378

The following changes and/or additions shall be made to the original Invitation for Bid No. QQ-01378, Telehandler. Please acknowledge receipt of this addendum by signing and returning with your proposal.

1. Section 5.0 shall have the following Specifications added to this section

Minimum Fork Height – the Telehandler must be able to pick and place at a minimum height of forty-four (44) feet.

Tire Tread – the proposed telehandler must have at least 80% tread life remaining on the tires.

The County requires that the proposed Telehandler must be diesel powered.

As part of the requirements, the successful bidder shall provide two training classes to the County that meet the requirements of OSHA code 1910.178. These two classes will be scheduled at the convenience of the County.

2. Answers to Questions asked during the Pre-bid conference on 1/3/2008

- Q. Does the proposed unit need to have side tilt fork capabilities?
 - A. Loudoun County does not require that the unit have side tilt fork capabilities since the county expects the unit to have Frame leveling capability.

Q. Does the County want the tire to be foam filled?

A. The County does not require that the tires be foam filled at this time.
